

How to Link VSEO to your Kroger Account

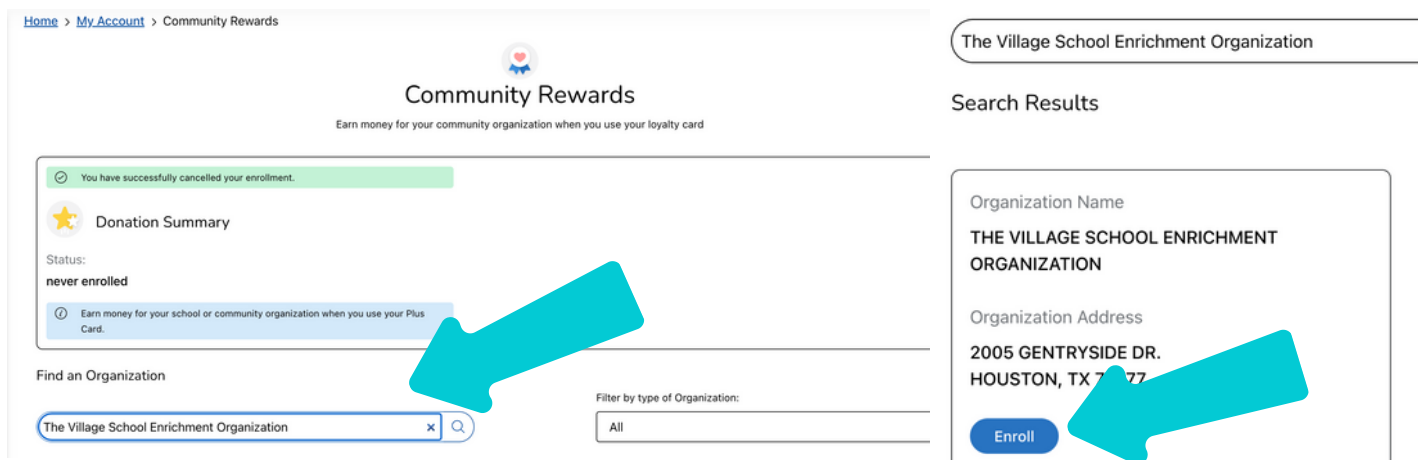

Step 1: Visit <http://kroger.com>. Create or login to an account

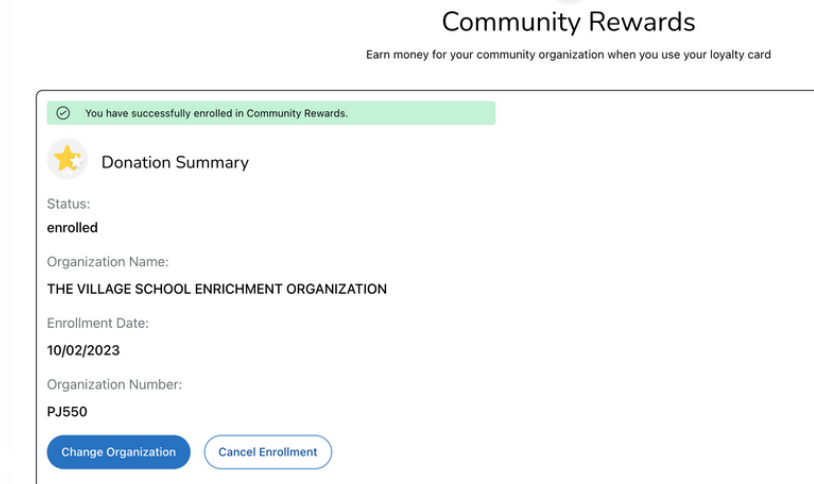

Step 2: Go to "My Account" at the top right corner and click on "Community Rewards". For mobile app, click on "Rewards" then "Community Rewards"

Step 3: Search for The Village School Enrichment Organization or enter code PJ550 and Click "Enroll"

You've just linked your Kroger account to The Village School Enrichment Organization! Each time you shop at any Kroger store, a portion of your purchase is given back to us which helps support extracurricular programs for students and teachers at The Village School. Thank you for supporting our Village community!

At the very bottom of your Kroger receipt, it will show you are linked to our organization. You must renew the organization selection each year in August.
